

Your Complete Source for Fluid Processing Solutions

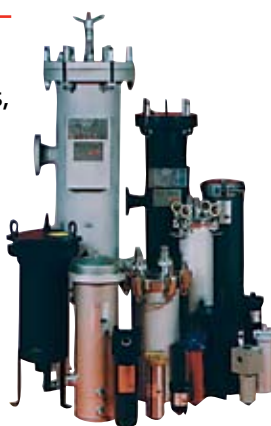

Your Time is Money!

SunSource Process Filtration has continually provided its customers with innovative filtration solutions that help reduce manufacturing costs, lower operating costs, improve product quality, and increase productivity. From strainers and pumps to filters and skidded systems, these solutions are part of the SunSource Advantage: a comprehensive program offering design and application support, supply chain optimization and productivity solutions. Staying ahead of your competition is a must in today's marketplace, and your partnership with SunSource will give your company the competitive advantage.

SunSource Process Solutions can provide cost effective systems and solutions to keep you running while also providing in-box products. Our product offering of valves, pumps, gauges, mixers, strainers, filters and systems will allow you to make SunSource your one-stop solutions provider for Fluid Processing equipment. Our unique engineering, fabrication and build capabilities can allow you to design the systems according to your specification and requirements.

Filtration Products

- 3M/CUNO** – filtration products, housings and systems
- Pentair Industrial, Krystil Klear** – housings, cartridges and systems
- Donaldson** – hydraulic filters, air and gas filters
- Shelco** – filtration products, housings, cartridges, and systems
- Fluitek** – replacement and original manufacturer
- Purolator** – stainless steel, reusable filters and hydraulic filters
- 3M/CUNO** – air filters
- Koch Filters** – panel filters
- Sunshine Filters** – air intake filters
- Royal Filters** – replacement air, gas and liquid filters
- Hanes Filtration** – roll media

Bag Filters

- 3M/CUNO** – filter bags, housings and systems
- Pentair Industrial, Krystil Klear** – filter bags, housings and systems
- Filter Technologies** – filter bags and media, dust collection
- Rosedale Products** – filter housings and systems

Strainers & Self Cleaning Filters

- Eaton Filtration** – Hayward strainers and separators
- SchroederPure** – automatic backwashable filter systems
- Lakos Separators** – centrifugal separators/systems
- Mueller Strainers** – simplex, duplexed basket and y-strainers

Process Pumps

- IR/ARO Diaphragm Pumps** – air operated double diaphragm pumps
- Aurora Pump** – inline centrifugal, end sections, regenerative turbine, condensate pumps, boiler feed pumps, split case and sump/sewage pumps

Valves and Valve Assemblies

- DuraValve, Inc.** – valves and actuated assemblies
- Apollo Valves** – standard process valves
- Delaware Manufacturing (DMIC)** – standard process valves
- Lance Valves** – ball valves, standard process valves

Gauges and Instrumentation

- WIKA** – pressure and temperature gauges and instrumentation
- Orange Research Inc.** – differential pressure and flow instruments
- Dynamic Inc.** – pressure gauges
- Hedland** – flow meters and flow instruments

Assembled Filtration Systems

- SunSource FAB Solutions Group** – pump skids and custom assemblies
- Eaton Filtration** – Hayward duplex filter housings
- Ebbco Inc., Metalworking Group** – modular coolant systems

Filtration Categories (Pre-Filtration and Final Filtration)

- ✓ Bag Filters
- ✓ Wound Filters
- ✓ Spun-bonded Elements
- ✓ Melt-Blown Filters
- ✓ Depth Cartridge Filters
- ✓ Pleated Cartridges
- ✓ Stacked Disc Filters
- ✓ Filter Paper
- ✓ Roll Media
- ✓ Dust Collection Equipment
- ✓ Strainers
- ✓ Oil Skimmers
- ✓ Porous Metal Filters
- ✓ Hydraulic Filters
- ✓ Centrifugal Separators
- ✓ Compressed Air/Gas
- ✓ Air/Oil Separators
- ✓ Reverse Osmosis
- ✓ Filter Housings for all Applications

Technical Support Service

At SunSource our goal is to provide you with the best application and product support available anywhere! Our programs are designed to help you with your most challenging filtration applications, meet and exceed your through-put and quality objectives and optimize your process efficiency.

- Tests and Trials
- Troubleshooting
- Process Surveys and Mapping
- Process Start-up Assistance
- Scientific Reporting
- Training and Technical Seminars

Process Engineering Services Include

- ✓ On-Site Filtration Test and Trials
- ✓ Bench-scale and In-line Process Support
- ✓ Microscopic and Analytical Contaminate Analysis
- ✓ Process Development Assistance
- ✓ SOP and Test Protocol Development
- ✓ Integrity and Compatibility Studies
- ✓ Process Troubleshooting and Failure Analysis
- ✓ Validations and Regulatory Compliance Assistance
