

**Don't Settle for the Status Quo. SunSource is your Complete and Dependable Source for Your Lubrication Needs!**

*SunSource has earned a solid reputation as the dependable partner for the design, assembly, and supply of lubrication systems and components.*

**SunSource can Deliver On-Time the Best from the Best!**

Instead of settling with the same old manufacturer for all of your lubrication components, partner with SunSource and let our technical specialists supply or retrofit your system with the best performing and most cost-effective components from a broad group of world-class manufacturers.

Our customers are often surprised how much *improving lubrication system performance can increase the durability, and reduce manufacturing costs*, when you can select the best lubrication systems from the best manufacturers.

SunSource can offer the customer a wide range of lubrication suppliers such as Alemite, Bijur, Dropsa, Farval, Pulsarlube, and Willy Vogel.

Selecting the best components within these product lines, allows SunSource to provide a solution that offers:

- direct interchange with your current components
- a lower cost option
- design improvements
- more flexibility for different environments

SunSource Lubrication Designs can meet any demand our customers may require:

- Series Progressive Systems
- Zone Systems
- Dual Line Design
- Single Point Lubrication
- Injector Design and many more.

Your lubrication system could include the highest quality components that best fit your specific application, such as;

**ALEMITE** Well-known as having the highest quality SP divider valves and pumps. Most components have the same form, fit, function, as your current system, but Alemite offers extremely competitive pricing.

**FARVAL** Offering the most durable continuous duty electric pump for lubrication systems. Don't accept high maintenance costs from pumps that aren't really built for your manufacturing environment or continuous operation. Reduce your downtime with Farval.

**DROPSA** Quickly becoming the preferred choice of the automotive industry. High quality SMX blocks, divider valves, and pumps that also have the same form, fit, and function as the competition but providing much higher performance and durability. SunSource maintains an extensive Dropsa inventory in order meet your need for On-Time Delivery!

*Including:*

- Modular SMX Divider Valves
  - Hand Operated Pumps for Oil and Grease
  - Air Operated Single Acting Locopumps for Grease
  - Motorized Gear Pumps ("Dragon" series) for Oil
  - Low-Pressure Fixed Orifice Dropsa-Piccola Oil Pumps
  - Accessories
- Don't settle for anything less.**

**PULSARLUBE** Manufactures precise directional single-point lubrication with many options such as gas charged systems, spring forced point lubricators, and battery operated lubricators.

**BIJUR** Well-respected for their quality and their variety of pumps and proportioning devices to serve your lubrication needs. Their product line provides a lot of flexibility when designing or retrofitting your lubrication system. The products offer significant cost-saving over many other manufacturers.

**SUNSOURCE** Trained associates can work with you to design or retrofit your lubrication system. Contact SunSource today, and learn about how we can improve your lubrication system and offer significant cost savings.

## The company behind the SunSource Advantage

As a national distributor with local presence, SunSource has a unique and dominant position as a full-service resource for the filtration, industrial and mobile fluid power industry. We distribute a broad range of components, but SunSource is much more than a distributor just supplying fluid power products. We realize that our customers need more. Along with high quality products, we provide a commitment to high quality customer service and technically sound, cost-effective solutions.

The decisions you make every day affect your company's bottom line, so finding the right partners is a top priority. When your success depends on the success of others, it becomes critical to develop strong, lasting partnerships with suppliers you can trust to provide the support your company needs for a competitive advantage. Dependable, knowledgeable, efficient service helps you focus your energy on activities that help sell your product – and help your company succeed.
