

TERMS AND CONDITIONS OF SALE AND WARRANTY

GENERAL - These terms and conditions of sale and warranty, and the SunSource Quote or Order Acknowledgement to which they have been incorporated by reference, shall constitute the final, complete and exclusive statement of this contract and may not be modified or rescinded, except by a written instrument signed by the parties. As an offer, the SunSource Quote or Order Acknowledgement expressly limits acceptance to these terms and conditions. As an acceptance of the Purchaser's offer, this acceptance is expressly conditioned on the Purchaser's assent to any additional or different terms contained herein. As a confirmation of an existing contract, the parties agree that the SunSource Quote or Order Acknowledgement and these terms and conditions of sale and warranty constitute the final, complete and exclusive terms and conditions of the contract between the parties. Any varying, differing or additional terms and conditions contained in the Purchaser's purchase order, request for quotation or elsewhere in any other document shall not be binding upon STS Operating, Inc. d/b/a SunSource (the "Seller").

DISCLAIMER OF WARRANTIES AND LIMITATIONS OF LIABILITY –

- (a) SELLER EXPRESSLY DISCLAIMS ALL WARRANTIES EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY & FITNESS FOR A PARTICULAR PURPOSE. (b) Seller hereby assigns to Purchaser any rights it may have under any warranty extended by a third party covering a product or component sold by Seller to Purchaser. Materials manufactured by others and resold by Seller do not carry any additional warranty by Seller. (c) Seller shall not be liable under any circumstances for consequential, incidental, indirect or remote damages. No claim by Purchaser hereunder, whether relating to goods delivered or for non-delivery, shall be greater than the purchase price of the goods in respect to which such claim is made. (d) Any "custom conversion" or adaptation hereunder is pursuant to the Purchaser's specific request, and the Seller shall bear no risk of loss resulting therefrom. (e) Seller's warranty shall not apply to any product or component which has been repaired, modified or altered outside of Seller's locations in any manner or has been installed or used in a manner contrary to the original manufacturer's printed instructions. In the event Purchaser modifies the goods sold hereunder without the express written consent of Seller, Purchaser agrees to indemnify and hold Seller harmless from any and all claims, demands, actions or causes of action or costs or expenses incurred thereby. (f) Purchaser is solely responsible for the design, selection and application of fabricated equipment, products, components and materials purchased from Seller. Any drawings, specifications, or information prepared by or furnished by Seller are for reference purposes only, and Seller makes no warranty or representations concerning the accuracy of such materials or information. Seller has no responsibility for the design, selection and application of products, components and materials purchased by Purchaser. (g) The foregoing limitations on Seller's liability shall also be the absolute limit of Seller's liability for negligence or defect in the manufacture, installation or other action with respect to the articles sold hereunder. (h) Seller has made preliminary tests of any software included within this order, to assure that any computer programs and documentation, part programs, programming manuals and the like (herein called "Software Materials") supplied to Purchaser are operative for the purposes intended. However, because users of Software Materials may employ them in applications outside the scope of those originally contemplated, and because defects in Software Materials cannot with absolute certainty be detected and removed prior to actual machine or equipment

operation, within six months from the date of delivery to Purchaser of any item of Software Materials, Seller will supply free of charge a corrected version of that item under the following conditions: (i) only if the Purchaser provides Seller with a detailed description of the problem or difficulty which has been experienced and (ii) only if the correction does not entail the creation of new Software Materials to serve a function not intended to be served by the original Software Materials. Purchaser shall have no rights under this subparagraph in the event if any changes are made or attempted to be made, in any Software Materials by Purchaser. (h) Any fabricated product or fabricated part thereof covered by this quotation which, under normal operating conditions on the part of the Purchaser proves defective in material or workmanship within one (1) year from the date of shipment by Seller, as determined by an inspection by Seller, will be replaced or repaired, at Seller's option, at Seller's facility, free of charge provided that Purchaser promptly sends to Seller notice of the defect and establishes that the product has been properly installed, maintained and operated within the limit of rated and normal usage. This warranty, as it relates to electronic control units, only applies if the Purchaser has in its employ qualified maintenance personnel. If Purchaser ships or requests that Seller ship electronic control console units by other than air-ride common carrier truck, all warranties relating thereto shall be void. Components purchased by Seller are warranted by and in accordance with the individual manufacturer's warranties, if any, not those of Seller. If an article is claimed to be defective in material or workmanship or not to conform to specifications, Seller, on written notice, shall at Seller's option either examine the article at its site or issue authorization for return to Seller. In the event such article is returned to Seller, Purchaser shall be solely responsible for all costs and expenses associated with such shipment and Purchaser shall bear risks of loss or damage to goods while in transit. If an article is claimed to be defective in material or workmanship or not to conform to specifications, Seller, on written notice, shall at Seller's option either examine the article at its site or issue authorization for return to Seller. In the event such article is returned to Seller, Purchaser shall be solely responsible for all costs and expenses associated with such shipment and Purchaser shall bear risks of loss or damage to goods while in transit.

Pursuant to such license, Purchaser shall have the right to copy the Software Materials solely for back-up and archival purposes. Purchaser expressly agrees that it will not assert any property rights herein, except the right for itself and subsequent owners to use the equipment. (c) Purchaser acknowledges that the Software Materials constitute valuable trade secrets of Seller and are unpublished works on which Seller, or Seller's vendor, holds the sole and exclusive copyright. Purchaser agrees to maintain and protect the confidentiality of these trade secrets and agrees not to disclose them or use them for any purpose not contemplated by this Agreement. Purchaser agrees to formulate and adopt appropriate safeguards in light of its own operating activities, to insure protection of the confidentiality of these trade secrets. (b) Seller's failure to insist, in one or more instances, upon the performance of any term hereunder shall not be construed as a waiver or relinquishment of its right to such performance or the future performance of such term and Purchaser's obligation with respect thereto shall continue in full force and effect. (c) Any notice or other communication required or permitted hereunder shall be sufficiently given if sent in writing by registered or certified mail, postage prepaid, to the other party thereto at its respective address contained herein.
